Warning ! Watch this video before launching the episode.

*Paris is no longer a city devoid of law and order like it was.
Violent acts have decreased. Parisians are satisfied.
I'm proud of the work done by my squad.*

*However.
For twenty days, we have been faced with a series of murders.*

RETURN TO MENU

*Very day holds its corpse. We acknowledge the damage.
We remain utterly powerless, albeit the squad's redoubled efforts.*

*The list of victims grows every day.
The murderer playing with our nerves.*

*The press pressures us for results.
I sympathize, and assume responsibility ...*

RETURN TO MENU

Clues are thin, or non-existent.
One thing is clear, we are dealing with a single individual.
All the victims are found with their thorax pierced.
A real butchery !
Only a diabolical weapon can cause that much damage.

I'm tired of all these inconsolable widow's visits !
What can I tell them ? :

" I promise that we will arrest
the murderer as soon as possible "

A bunch of lies !

*How does he still elude us ?
I have eyes in the four corners of Paris.
He's giving us a run for our money.
It's been long since I faced an opponent as fierce as him !
I appreciate it ...*

*We figure that he chooses his victims randomly.
There is nothing that links them to another, no logic.
Better not stand in his way.*

His procedure is
always identical.

A huge burst
in the chest.

Our murderer must
be laughing
to see us totally lost !

*Surveillance is enhanced.
Our opponent makes no mistake.
Without clues, how can we stop him ?*

RETURN TO MENU

Paris, within "Les Hauts Clos".

One more that was
at the wrong place
at the wrong time.

It's our murderer,
without a doubt.

We are going around in circles.
I feel completely helpless.

This guy is the devil
in disguise.

You have not said a thing, Vidocq !
There is no need.
I can sense your fears.

The press is not going
to be gentle with us.

I would do the same.
I can't blame them.
The longer this case evolves,
the more our pasts will resurface.

You think everyone
will want our heads delivered.

For sure !
The prefect is under too much pressure.
We'll go before he does.
Our days are numbered.

I'm heading back to headquarters.
A suspect has been arrested this morning.
I'll question him.
There is no time to lose.

I will stay here
and question the neighbors.
See you later,
Vidocq.

We get the front-page treatment every day.
It gets more and more out of control.
I'm afraid our number is up.
Amidst the Sureté, some people are routing for my fall.
I will not indulge them !

Do you have anything on this loon ?

I know nothing about him.

I'll secure your release
if you give me something.

I feel it all
coming back
to me !

~You know how to get to Mr. Vidocq.

~Who is he ?

~He wears a hat and a mask.
He's fierce and he breeds fear into others.

~Shut up ! Where can I find him ?

~He's been sighted times in a derelict warehouses.
You will just end up just like his other victims, Vidocq!

~You know his name ?

~HE WILL KILL YOU ALL !

~You will be sticking around here a couple more days.

~Vidocq, you're just a fucking bastard !

Have the winds changed ?

I've always trusted my lucky star. We finally have a lead ...

... a cat called Grímace.

Here we go ...
